a) The above is an extract of the detailed format of Quarterly/Annual Financial Results filed with the Stock Exchanges under Regulation 33 of the SEBI (Listing and Other Disclosure Requirements) Regulations, 2015. The full format of the Quarterly/Annual Financial Results are available on the Stock Exchange website at www.bseindia.com

b) The Company adopted Indian Accounting Standard ("Ind AS") from 1 April, 2015 and accordingly these financial results have been prepared in accordance with the recognition and measurement principles stated therein, prescribed under section 133 of the Companies Act, 2013 read with the relevant rules issued thereunder and the other accounting principles generally accepted in India. Financial results for all the periods presented have been prepared in accordance with recognition and measurement principles of Ind AS.

c) The results for the Quarter ended 31 March, 2017 are the balancing figures between audited figures in respect of the full financial year ended 31 March, 2017 and the published year to date figures upto the third quarter of the current financial year which were subject to limited review.

d) The Company incurred a loss of Rs. 339 lakhs and of Rs. 8,295 lakhs during the quarter and for the financial year ended 31 March, 2017 respectively. The accumulated losses as on date amounting to Rs. 48,798 lakhs has eroded the net worth of the Company and the Company's current liabilities exceeded its current assets during the year ended 31 March, 2017. The Company's operating results continue to be materially affected by various factors, particularly high pricing pressures due to overcapacity in roll industry, general economic slowdown and unavailability of future financing. Considering these factors, the going concern assumption is not appropriate for preparing the Ind AS financial statements and these Ind AS financial statements have been prepared on other than going concern basis. Accordingly, the assets have been stated at the lower of their historic cost and estimated net realisable value and the liabilities have been stated at the values at which they are expected to be discharged.
