---

With reference to the above-mentioned subject, we wish to inform you that Aqylon Nexus Limited ("the Company") has entered into a Memorandum of Understanding ("MoU") with AITMC Ventures Private Limited to collaborate on training youth in AI skills across India, with a particular focus on non-metropolitan cities, towns, and rural areas.

The objective of this MoU is to define roles, responsibilities, and operational framework for a joint AI skilling programme. Under this collaboration, the parties intend to:

- Deploy AI training across AVPL's 70 Training Centres in 16 Indian states.
- Leverage Aqylon's AI Code Platform and trained faculty to deliver practical, income-linked AI education through a structured 3-month course.
- Achieve a minimum of 30,000 trained and certified AI professionals per year, with a total annual capacity of approximately 33,600 candidates (480 per centre × 70 centres).
- Align the Programme with national government initiatives including the National Entrepreneurship Drive (NED), NSDC programmes, Digital India, and Skill India.
- Enable trained candidates to generate income such as AI Web Designers, AI Content Creators, AI Chatbot Builders, Freelance AI Developers, AI Data Operators, and related AI professions.
- Build a replicable, scalable, and outcome-oriented training model that can be extended to additional centres and states overtime.

This MoU outlines a broad framework for cooperation between the parties and does not constitute a legally binding agreement.
